PE and Sport Premium – 2017/18

The government is providing additional funding of £150 million per annum until 2019/20 to improve provision of physical education (PE) and sport in primary schools for Years 1 to 6. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary school Headteachers.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Schools must account for this money and look at how it will impact on the provision of high quality PE and sport in school.

Mousehold Infant and Nursery School is using the money for academic year 2017/18 as follows: Total income: £14,027.50

- Slanteddance - £2640
- Sports in the Community after schools club - £1880
- Lunchtime coach from Norwich City Sports Foundation - £5520
- PE cafes for families - £75
- Playground Markings - £2000 (partly funded)
- Purpose built play equipment to encourage more physical activity at playtimes and lunchtimes - £1000
- Resources and training for curricular and extra curricular learning - £700
- School Development Plan will determine where other Sports funding priorities are throughout the year.

Measurement of impact:

- Children will benefit from high quality equipment and resources to encourage more physical activity
- The new PE subject leader will have the most up-to-date knowledge on leading and delivering a solid PE curriculum.

- Families will be involved in PE sessions through PE cafes.
- Children will have professional coaching at lunchtimes and after school. Teachers will sometimes observe and use this as part of their training.
- Children will be supported in developing healthy lifestyles and fitness for life.

Impact of proposed PE and Sports premium funding:

- Subject leadership training for the new PE subject leader. This is to ensure there is clear, consistent and efficient management of PE teaching, assessment and learning across the whole school.
- YR to have a Physical Development café where parents/carers will come in to see children participate in a variety of fine motor skills such as an Active session and it will give parents an idea of how to support their children's physical development at home. Year 2 will have a Slanteddance café that will show performances choreographed and performed by their children, showcasing the highly engaging and exciting opportunities within the school's PE curriculum.
- Children continue to enjoy football sessions at lunchtime from CSF, which are very popular with both boys and girls from all year groups.
- After school sports clubs continue to be popular and are encouraging children to take up sporting activities outside the school environment.
- Slanteddance is continuing in both Year R and Year 2. Due to the success of Slanteddance in EYFS Year R have made their sessions longer this year, to maximise the attainment and engagement of their children. Both Year R and Year 2 teachers and children have explained how much they enjoy their Slanteddance sessions.
- The new playground markings will give children new opportunities to keep active with friends during playtimes and lunchtimes.
- Last year attainment at expected level or above in PE was over 90%, which is expected to continue or even exceed this coming year.
