

## **Pupil Premium Statement – Mousehold Infant and Nursery School 2018/2019**

The pupil premium funding is given to schools to support eligible groups of children. Mousehold Infant and Nursery School receives a Pupil Premium allocation of funding for each child who is entitled to receive Free School Meals or who has been entitled to receive them over the last six years as well as for any Looked After Children. We are required to publish online information about how we have used the premium as part of our pupil premium strategy.

The philosophy behind our strategy is that we recognise that some designated pupil premium children may have differences in their experiences and levels of support and therefore we aim to support children whatever their barriers may be; environmental, social, economic or learning.

Our aim is to ensure that the achievement of those pupils eligible for Pupil Premium funding is at least in line with their peers. We are committed to spending this money to ensure that these pupils are safe, healthy, confident individuals; and active, successful learners with high aspirations for their future.

We aim to provide experiences, support and resources to ensure these children achieve equal progress to other children with similar starting points.

We recognise that with younger children, we need to invest in developing a child's independence in learning, their self-esteem, their speech and communication and supporting them emotionally in order for them to be able to develop as learners and make the progress they deserve.

### **This is how we are planning on spending our Pupil Premium Allocation 2018/19**

EAL Support from a qualified teacher: 1 day a week £7657

**Impact will be measured by:** Children joining us part way through an academic year with EAL will feel supported and settled and be confident members of the class and school. Children with EAL who are with us from the start of their school journey will achieve in line with their peers. A focus of this work will be developing and improving phonics knowledge in all pupils with EAL, Pupil Progress data will show this.

Additional support in Reception, Y1 and Y2: Targeted intervention support for YR, Y1 and Y2 in all areas of the curriculum where needed for individual children. Teaching Assistants: Y2: £15,127 (5 days), Y1: £9422 (3.5 days), YR: £2904 (1 day)

**Impact will be measured by:** Children regardless of their ability will all receive support and challenge and their progress will be tracked and monitored through weekly monitoring and pupil progress meetings.

EYFS support using Early Talk Boost – training and resources: £1400

Idea: Working directly with all PP children on Communication and Language Skills using Early Talk Boost

**Impact will be measured by: A good level of expected development in Communication and Language by the end of Nursery and Reception**

Additional support in YR: Teaching Assistants: £15,033 – to support pupil premium children in YR including SEN pupil

**Impact will be measured by:** The level of children's personal, social and emotional development and other prime areas will be a positive sign of extra adult intervention. See Good Level of Development at end of year.

MSA support for a child (£2242) - to support SEN 1:1

**Impact will be measured by:** Child will be able to cope with lunchtimes with the rest of his classmates.

Nurture Group lunchtime x 2 TAs: 1 hour a day of TA time cost: £2640

**Impact will be measured by:** Boxall Profile data will show the improved confidence and social skills.

Enriching the Curriculum for PP children: Samba for Y2 (£2034) Ukelele for Y1 (£2034) Music introduction for YR (£2034) Forest School for YR (£2600). This is to give experience for PP children that they might otherwise be unable to access. As these are group activities there will be other children in the groups who are non-pupil premium. Children will be confident to take risks and will talk about their Forest Schools activities in school and similar activities carried out at home (the children's parents come along to the Forest Schools lessons with them)

**Impact will be measured by:** Children's responses to these lessons through pupil voice and development of key skills in Music and PE.

**Impact will be measured by:** How many PP parents have helped and engaged at Forest School lessons. These parents are encouraged to come along and support and to continue this style of learning at home.

Visiting Artist for curriculum enhancement: (£250)

**Impact will be measured by:** The quality of Art Work and Speaking and Listening from these sessions. Look at % of children at expected level in Art at end of Year.

School trips paid for all PP children: Approx (£460)

**Impact will be measured by:** All will have participated in trips and will talk positively about them.

Afterschool Clubs for pupil premium children: (£1006)

**Impact will be measured by:** All PP children having access to after school clubs and the positive impact on their wellbeing.

PSA (£14,067)

**Impact will be measured by:** The number of PP families the PSA has supported and prevented further involvement from Children's Services and other agencies. This information is variable and available on request.

FSM milk: £1815

**Impact will be measured by:** All PP children will have received daily milk and will realise how this contributes to a healthy lifestyle.

Time to Talk Benjamin Foundation: £3990

**Impact will be measured by:** The children who have taken part in these sessions will show increased confidence in talking about their feelings and any concerns about the child will be dealt with promptly by school staff.

Support with uniform and book bags: (£460)

**Impact will be measured by:** PP children will all be dressed in uniform and feel they belong.

Summary Information					
School	Mousehold Infant and Nursery School				
Academic Year	2018/2019	Total PP budget	£85,800. (Estimated for financial year 18-19)	Date of most recent PP review	June 2018
Total number of pupils: 305		Number of pupils eligible for PP: 51 (inc 5 applications)		Date for next PP strategy review	June 2019
In school barriers to attainment for pupils eligible for PP					
Speech and language and limited vocabulary and communication			<p>Many children enter school having poor expressive and receptive language below or well below what is expected for their age. This is a significant barrier to accessing the curriculum.</p> <p>Their poor pronunciation skills impact significantly on their reading and writing ability also and their ability to apply the phonics skills they have been taught.</p> <p>In EYFS in particular, poor speech and language is a social barrier to learning.</p> <p>In an Infant School this impacts on all areas of the curriculum.</p>		
English as an Additional Language			A proportion of our pupil premium children also have English as an additional language. This		

	means that the children sometimes join us with little or no English. This can impact on their rate of progress while they are learning the basics of the English language.
Fine and gross motor skills	Poor fine and gross motor skills are a barrier. Many children have not had the experiences for fine motor skills so this is a barrier to their writing and abilities in other areas, such as art, D and T etc.
Attendance/punctuality	Some of our pupil premium children have less than satisfactory attendance, or a number of late arrivals. This impacts on their learning when they are not at school. The families benefit from a parent support advisor to support them in this.
Lack of resources or appropriate support at home	Some of the children do not have the resources at home to support their learning so need to be provided with these. Some families need support in how to help their children with their learning at home and attend learning cafes at school.
Lack of cultural experiences	Many of our children have not had access to a range of cultural experiences so find this area difficult to understand. Some of the children haven't visited or seen places of cultural interest in their locality
<b>External barriers to attainment for pupils eligible for PP</b>	
Housing issues	Eviction or inadequate housing causes anxiety amongst some of our PP children and their families. It can impact

	their attendance but also their emotional well-being which can then affect their ability to learn.
Safeguarding Concerns	Some of our PP children have a level of safeguarding concern related to their family situations. This can cause anxiety, worry and emotional difficulties as the children cannot engage in their learning when their emotional well-being is affected.
Limited experiences outside of school hours	Some of these children have limited social interactions and opportunities to develop their social and emotional skills. They may not have the resources or the adult support that helps to develop language skills that are often needed by some of our pupil premium children. They often also lack in appropriate enriching cultural and enrichment experiences.
Parents needing additional support e.g. housing issues	Some parents of PP children are isolated, or highlight their lack of understanding on how to support their child or experience traumatic family difficulties.
