Headteacher: Mrs Rebecca Westall

## PE and Sport Premium - 2016/17

The government is providing additional funding of £150 million per annum until 2019/20 to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary school Headteachers. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. It equates to approximately £8000 plus £5 per pupil of statutory school age. Schools must account for this money and look at how it will impact on the provision of high quality PE and sport in school.

### Mousehold Infant and Nursery School is using the money for academic year 2016/17 as follows: Total income: £9112

- High Quality PE training for teachers £1300
- Resources for delivering RealPE training: £500
- Sports in the Community after schools club - £665
- Lunchtime coach from Norwich City Sports Foundation - £3800
- PE cafes for families - £75
- Resources for curricular and extra curricular learning - £1500
- School Development Plan will determine where other Sports funding priorities are throughout the year.

### Measurement of impact:

- Children will benefit from high quality PE equipment and resources
- High quality professional development will ensure teachers provide the very highest quality PE lessons and will enjoy teaching PE.
- Families will be involved in PE sessions through PE cafes.
- Children will have professional coaching at lunchtimes and after school. Teachers will sometimes observe and use this as part of their training.

## Impact :

- Children have continued to benefit from a huge range of PE equipment. This has developed and improved new physical skills such as balance using the wobble boards and balance trails.
- RealPE is embedded in teaching practice so children are clear on their learning objectives and are more aware of their own targets and progress during lessons.
- PE continues to have a high profile in school and children are really enthusiastic – RealPE featured in our Year 2's lasting memories of Mousehold leavers assembly.
- YR had a Physical Development café where parents/carers came in to see children participate in a variety of fine motor skills such as an Activate session, garden play etc and gave parents ideas of how they could encourage physical development at home. Parents/carers saw Y1 perform Capoeira in an assembly and Y2 parents/carers came in to watch two Slanted Dance performances choreographed and performed by their children.
- Children continue to enjoy football sessions at lunchtime from NCSF which are very popular with both boys and girls from all year groups.
- After school sports clubs continue to be popular and are encouraging children to take up sporting activities outside the school environment.
- Attainment at expected level or above in PE is above 90% across year groups.
